## BATHROOM

Remodel your bathroom with a look from the outdoors, a misty ambiance, or a touch of luxury. Our Atmos Series is famous for the nature-lovers, because of its tranquil range of panoramic scenes including rivers, skies and sunsets. The Earth Tales Vol II Collection, on the other hand, gives that perfect hotel look because of its unique patterns and stone grains that levels up the elegance of your bathrooms.

## BACKSPLASHES

Make your kitchen stand out with an artsy glass backsplash. Select from a range of elegant stone grains to modern patterns and still reap the benefits of glass as a material. We have a series of artfully designed collections that are popularly used as backsplashes. The Earth Tales, Atmos and Snowberry Collections are inspired by the vibrance and beauty of nature, which allow customers to enjoy the serenity of various landscapes, natural patterns and colours from the comfort of their homes.

## DOORS

Transform the doors in your home into a functional and decorative feature, that flows along the entire design of your themed interiors. You can also customize their level of translucency to achieve the level of privacy you desire.

Our Snowberry Collection, is a bestseller for those who love interplay of colors. This collection features swatches inspired by colours from nature. It includes names that reflect its artistic inspiration, such as Twilight, Deluge, Balmy and Moonbeam.

## DIVIDERS

Create privacy within small open concept spaces in your home with stylish dividers. coming in different shapes, patterns, opacity and colors. These dividers can also be incorporated into the interior as a fixture that can be swivelled for adjustment of privacy requirements in the space. Our dividers come complete with metal frame, with customisable finishes. For instance, different designs within the Patterned Glass range provide varying levels and types of obscurity. You can customise the level of privacy with the height, length and direction of the gradient, which can come in the form of colour or mirror.

### Recommended Finishes

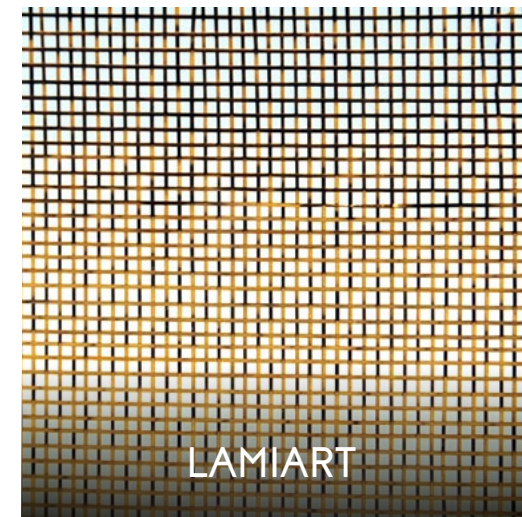

This set of monochrome dividers were made using the Big Chimes Patterned Glass with a black gradient. The centre piece was made using a Gradient Mirror.

## FEATURE WALLS

Enlarge or beautify your living and dining area with a feature wall that can also act as a mirror. Make that conversation piece by featuring textures, reflection, and styles unique to you. Our Earth Tales Collection is popular for those who are fond of unique mix and blend of lines, patterns and colors. Chinoiserie and Kilnformed Glass are also often a favourite of many, for the subdued and elegant atmosphere they bring.
