ABOUT SYNERGRAPHIC DESIGN

Synergraphic is a premier art+design studio that provides interior and architectural art glass solutions, bespoke lighting, installations, sculptures, features and murals, for indoor and outdoor spaces.

Since the company's formation in 1986, Synergraphic has remained at the forefront of cutting edge design, having created hundreds of features in glass and mixed media for projects in more than 15 countries – including St Regis Singapore, Partners Monument at Taipei 101 and the Crystal Pyramid in Brunei.

Synergraphic also provides a wide range of standard finishes, materials and glass elements to achieve excellent design concepts; and delivers interior pieces to make functional spaces work without compromising beauty. Our services include consultancy, art and design, prototyping, sourcing, installation, and more. We are committed to continually finding new means to increase the value of all kinds of spaces through glass and art.

Synergraphic is firmly dedicated to “The Art of Glass and All Things Beautiful”, and is the ideal partner for architects, designers and artists seeking to turn their visions into reality.

WAKUDA RESTAURANT & BAR. MARINA BAY SANDS

📍 Singapore | 2022

Fabricated and installed these glass panels for Wakuda Restaurant and Bar at Marina Bay Sands Singapore. Wakuda was created by two-MICHELIN-Starred Chef Tetsuya Wakuda and John Kunkel, CEO of 50 Eggs Hospitality. The restaurant's overall atmosphere captures the tension between traditional and modern Japan and offers excellent culinary beauty. Our glass panels supplement the restaurant's theme, with the use of antique mirrors with an interplay of golden and earth colors blended together.

ATMOSPHERE. BURJ KHALIFA 1/2

📍 Dubai | 2023

We recently completed glass panels and feature walls for Atmosphere, an upscale fine dining restaurant and bar on floor 122 of the iconic Burj Khalifa skyscraper in Dubai. Along with the finest hand crafted delicacies & incredible views of the Gulf the restaurant offers is the great interiors which we are part of. Using antique mirrors and other various types of glass and processes, we were able to achieve and deliver walls and surfaces with bejeweled effect.
